

Korean Republic Gets Recognition From U.S.

Cold War Maneuver Hits At Reds

Washington, Jan. 1 — (AP) In his first official act of 1949, President Truman today granted full recognition to the American-supported government in southern Korea as the regime which ought to rule all that divided land.

Mr. Truman's move followed close on a Russian cold war maneuver which came with the end of 1948. Moscow radio reported yesterday that all Soviet troops had been pulled out of northern Korea on Christmas.

The White House announcement gave new assurance of American backing for the administration of Dr. Syngman Rhee. But it held out no promise of peace, unity and good-will in the nation which the Japanese occupied for 40 years and which Russia and the United States have wrangled over since the end of the war.

Clashes Inevitable
The political conditions which now exist in Korea make it almost inevitable that at some time—possibly in the near future—there should be major open clashes between the southern and northern Korean forces. Therefore, formal recognition of the Rhee regime does not mean according to officials here, that all American troops will soon be withdrawn.

Dr. Rhee, as president of the new republic, has asked that American forces remain until southern Korea has a police force able to deal with any future Communist threat from the north. The United States has agreed.

Northern Korea is now ruled by a Russian-sponsored government which has its capital at Pyongyang. The Communist regime has announced that this is provisional headquarters and that Seoul will eventually be the capital. It claims the right to rule the whole land.

Rhee Wants To Rule All Korea
President Syngman Rhee has the advantage of already having his capital at Seoul. He takes the view that northern Korea should be brought into his administration. On that, he has the backing not only of the U. S. but also of the United Nations.

On December 12 the United Nations Assembly—over Russian opposition amounting to a filibuster—voted overwhelmingly that the government of the Republic of Korea is a lawful government based on free elections observed by (a United Nations) commission.

Eight Korean Communists and the Russian military command had declined event to let the U.S. commission into the northern zone.
After Rhee's government was created under U.N. controls about six months ago, the United States on August 12 gave it limited recognition. Washington declared that full recognition should await a declaration by the general assembly. Cites U.N. Declaration
The White House statement today cited the August 12 action here and December 12 general assembly declaration at Paris and then said "the United States has decided to extend full recognition to the government of their Republic of Korea."

It also said the U.S. mission in Korea will be given embassy rank. Southern Korea has a population of 21,000,000 compared to 9,000,000 presently maintained in the Communist north. American officials estimate 2,000,000 have fled from north to south in the last three years.

Jewish, Egyptian Warships Battle Off Tel Aviv

Tel Aviv, Israel, Jan. 1—(AP)—A running naval battle was fought at New Year's dawn between Egyptian and Jewish warships off Tel Aviv, Israel announced today.

The battle, which was said to have been inconclusive, was fought after the city was awakened at 2 a.m. by heavy naval fire and the buzz of planes. Officials said two Egyptian Corvettes pumped shells at the blacked out city for half an hour without causing any casualties or doing any damage.

66th Illinois General Assembly Meets Jan. 5

Springfield, Ill., Jan. 1—(P)—The 66th Illinois General Assembly, first since 1939 with divided political control, will convene at noon Wednesday for what may be a hectic five or six months session.

Money problems, customarily the lawmakers' biggest headache, already have piled up to a point where demands on the state pocketbook exceed expected revenue.

It will be up to the legislature, and the new Democratic state administration, to make major decisions on how much will go for school aid, to the mental institutions, highways and old age pensioners.

And on top of these worries will be added the issue of calling a convention to rewrite the state constitution, whether taxes should be increased, and what to do about satisfying the clamor of cities for financial help.

Although Republican senators promise to cooperate with Governor-elect Adlai E. Stevenson, they're likely to kick up a fuss if political angles arise—as probably will happen. The GOP controls the Senate, 32 to 18, and Democrats dominate the House, 81-72.

Most legislation requires 26 Senate votes and 77 house votes for passage.

The Republican Solons have been talking about finishing up the session in five months, instead of the usual six, but similar plans have failed in the past. To accomplish it this time, Democratic house members would have to go along, and there is no indication they will.

The lawmakers' first official business will be to choose their key men at caucuses Tuesday night. Both parties also will map strategy for the coming months.

Rep. Paul Powell of Vienna, 46-year old veteran legislator entering his eighth, two-year term, apparently for house speaker. Because the party was out of control, a Democrat hasn't filled the job since the 1937 session.

Rep. James Ryan, who has been spokesman for the large Chicago Democratic house group may land the house majority leadership. The speaker makes the appointment.

For Republican Senate majority leader, the leading contender is Senator Edward E. Laughlin of Freeport, who held it in 1945 and 1947. Other possibilities include Senators Wallace Thompson of Galesburg, Merritt Little of Aurora and Arthur J. Bilwill of Chicago.

Democrats are expected to retain William Commons of Chicago as their senator minority leader.

The GOP house minority leadership apparently is up for grabs. Among those mentioned for it are Reed F. Cutler of Lewisport, David I. Swanson of Chicago, Robert Branson of Centralia, Charles W. Clabaugh of Champaign and Warren Wood of Plainfield. Clabaugh and Wood are announced candidates.

House Demos Okay Plan To Change Rules Committee
Washington, Jan. 1—(P)—House Democrats today approved a proposed rules change designed to prevent the rules committee from bottling up major legislation.

The Democrats voted at a party caucus to make it possible in the new congress for chairmen of legislative committees to force House action on committee-approved bills if the rules committee refuses to give them clearance.

The vote on the proposed rules change was 176 to 46. It will take some Republican backing to put the rules change through. If all the 171 Republicans were to side with the 48 dissident Democrats that would give a possible total vote of 219 against the change.

Natural Causes Take Life Of Speed King

8 Reigate, Surrey, Eng., Jan. 1—(P)—Sir Malcolm Campbell, speed king who made a career of gambling his life for automobile and motorboat records, died today of natural causes.

Friends said Sir Malcolm, who was 63, had been ill for several days after a severe chill. The exact cause of his death was not disclosed.

It was generally known that his health had been failing since early last summer, when he underwent a second eye operation to prevent blindness.

Glaucoma—hardening of the eyeball due to internal pressure—had ruined the sight of his left eye. It was hoped surgery would save the other one.

Sir Malcolm's long fight against blindness was partly successful, his friends said, although he still had difficulty in seeing across a room.

To the last he retained the same old zest for the sport, born of a boyhood hobby, in which he set speed records on both land and water during a quarter of a century.

In the end he had to bow to faster performances on land, but his world speedboat record of 141.74 miles an hour still stands. He achieved it in August, 1939, on Lake Coniston in England in his "Blue Bird." This was the same name he had given to his racing cars.

Only recently Sir Malcolm commented that few men had packed so much adventure and high excitement and so many close escapes into a lifetime. Asked, as he so often was, why his passion for speed drove him to compete with his own records when there were no others to break, he invariably replied: "I cannot rest on my laurels. I will go on until I am too old to drive. For the sake of the British flag I want to raise the record as high as possible while I am still capable of doing so."

"Moreover, I wish to explore every means likely to help scientists and engineers make rapid transport cheaper and safer and to provide scientists with data which might help in spheres quite apart from motoring."

He kept up his quest for ever higher speed records until 1947, when he tried for a new water goal in a jet-propelled Blue Bird. He abandoned this trial after it became apparent his eyesight was failing.

Sir Malcolm, who was knighted in 1931, was as familiar to sports fans in the United States as in England. Two of his great automobile speed records were established in America: 276.816 miles an hour on the shore sands at Daytona Beach, Fla., in 1935 and 361.129 mph. at Bonneville Salt Flat, Utah, later that year.

The present record is 394.196 mph. set by John Cobb in 1947.

Snow, Cold Eases Flood Dangers In Northeastern U.S.

Cold weather and snow sharply eased the flood danger in the northeastern United States yesterday (Sat.) after causing four deaths and property damage running into the millions.

Swollen streams began to subside as rapidly dropping temperatures halted the melting of old snow and changed the new precipitation from rain to white flakes.

However, many persons still were unable to return to their homes. Utility service was disrupted in many places. Some highways and rail routes remained impassable.

The floods began to cause severe damage Friday after two days of heavy rains and thawing in the New England States, New York, New Jersey and Pennsylvania.

But weather gods finally smiled Friday afternoon, bringing in below-freezing temperatures which shut off the rain spigots.

The change brought a new hazard to highway users in the area. Many roads were covered with ice which in turn was coated with snow. Authorities advised everyone to keep cars at home except for the most urgent errands.

Many highways were blocked by washed-out bridges, landslides, and fallen trees and telephone poles.

Former General Of National Guard Hits Army Abuse
Washington, Jan. 1—(P)—A former national guard general, bitterly condemning regular army treatment of the guard, said today War Department officers spread "defeatist talk" in training camps during the months preceding Pearl Harbor.

Map. Gen. James E. Edmonds, former commander of the 23rd National Guard Cavalry division and wartime commander at Camp Lee, Va., made the charge in the current issue of the publication "The National Guardsman." Edmonds' home is in Milford, Ohio. The army had no comment.

Say Truman Will Ask Repeal Of Labor Law

Chiang Says He Can Win, Can Talk Peace

Nanking, Jan. 1—(P)—Generalissimo Chiang Kai-Shek told his perplexed Chinese government leaders today, "I have the strength to fight—therefore I dare talk about peace."

Chiang spoke at a meeting of Kuomintang government party leaders in his office as the nation tried to puzzle out whether his contradictory New Year's statement of last night meant peace or continued civil war with the Communists.

The consensus was that only action—not words—would provide the clue. The war, however, remained at a standstill.

The Communists, who in effect strongly reject Chiang's peace gesture even a bit, were being offered, broadcast a long attack on him and his government, calling them "a pack of professional traitors," "gangs," and "stooges of American imperialism."

Chiang's written statement offered to discuss peace with the Communists, and even hinted at his own retirement if required, but set conditions which the high-ranking Reds evidently will not accept.

The conditions included preservation of the government constitution, maintenance of "the Democratic form of government," the "entirety" of the armed forces and the people's "free mode of living" and the "living standard."

Otherwise, the statement said, it will be war to the finish, with no truce.

Decatur Reports No Traffic Deaths There In 1948
Decatur, Ill., Jan. 1—(P)—The city of Decatur achieved a record of no traffic fatalities in 1948.

W. Glenn Kerwin, chief of police, said he believes it was the first year since automobiles began using Decatur's streets that no one was killed in traffic.

The 1947 toll was seven. Eight were killed in 1946, and 1945 was the highest of record with 10 deaths.

Kerwin said the 1948 record was due largely to a special traffic law enforcement effort which included indoctrination of all members of his force in accident prevention. He also gave credit to the school safety program.

Taft's Supporters Claim He Will Keep Senate Post
Washington, Jan. 1—(P)—Senator Taft's supporters today claimed enough pledged votes to give the Ohio lawmaker an easy victory over Senator Lodge of Massachusetts in their battle for the chairmanship of the Senate Republican policy committee.

The decision is due Monday at a conference of the 42 GOP Senators. Taft's backers said they could count on at least 27 votes.

Two of Taft's colleagues declared that the effort to unseat him from the policy leadership stems from an effort to build up Lodge as a presidential candidate in 1952.

In the caucus Monday, Senator Wherry of Nebraska is expected to be named floor leader and Senator Milkin of Colorado looks like the Republican choice to head the conference of all GOP Senators.

Fumes Overcome Family Of Seven
Gary, Ind., Jan. 1—(P)—Six members of one family were overcome by fumes in their home today and one child was reported in serious condition at Mercy hospital.

Found unconscious in their home were Mr. and Mrs. David Payne and their children, Robert, 13, Fred, 12, Gilbert, 11, Sylvester, 9, David Jr., 2, and Herbert, nine months. All except David Jr. were released from the hospital after treatment.

Sawyer Says Now Is Time To Make Prosperity Stay
Washington, Jan. 1—(P)—Secretary of Commerce Sawyer declared tonight "the present boom is bolstered by some temporary factors," and it's a question which way things will go in the New Year.

Sawyer provided no answer himself to what he called the "all-important question—are we in a mounting inflationary spiral or have we reached the ceiling, and are we facing the prospect of a downturn?"

Nevertheless, he said that the fact that the present boom is propped by some factors of only "temporary" duration makes "now the time to plan measures that will put prosperity on a stable and continuing basis."

Sawyer, in a statement issued virtually on the eve of the meeting of the new congress, offered only this suggestion:

"So long as inflation is with us, the immediate task is to restrain its dangerous tendencies; and to do those things which cannot be done easily, if at all, in a period of depression—maintain a budgetary surplus, reduce the national debt, and exercise care in expanding expenditures."

1,000 HOMELESS
Rangoon, Burma, Jan. 1—(P)—More than 1,000 poor persons were made homeless today when fire flashed through 100 thatched bamboo tenement houses in central Rangoon. No casualties were reported.

Will Also Try To Continue Foreign Aid

Washington, Jan. 1 — (AP)—Democrats "in the know" predicted today that President Truman will continue to stress these issues when he lays his program before the 81st Congress:

Foreign aid; broader social security coverage; repeal of the Taft-Hartley labor law, and anti-inflation legislation.

The program, to be submitted in three installments starting Wednesday with the annual State of the Union message, also will emphasize a need for immediate tax revision, they said. Separate measures on the budget and economics will follow.

Expect Long Session
Anticipating a presidential plea for prompt action, congressional leaders plan to speed up their schedule and settle down for a long spell of hard work.

They expect to have to do battle for many of Mr. Truman's proposals. Before any legislation can start moving, the details of organization must be worked out and the change from Republican to Democratic control of both branches of congress completed.

Even at top speed, it will take several weeks to form committees and get the legislative machinery into high gear.

First attention is expected to be given to extending the rent-control law that expires in March. Repeal of the Taft-Hartley law also is high on the priority list.

Congressional leaders believe there will be enough business to keep congress going for at least six months.

Also In Truman's Message
Here are some of the other things they expect the president to ask for:

Continuance of the Marshall plan for self-help aid to foreign nations fighting communism.

Extension, without strings, of the Reciprocal Trade Agreements Act. Inflation curbs, possibly including stand-by price control powers for the president.

A housing plan with emphasis on slum clearance, low rent units and homes for veterans.

Tax revision based on no substantial cuts—but possibly some reductions for low-income groups.

Raise Minimum Wage
A minimum wage standard in interstate industry of at least 75 cents an hour instead of the present 40 cents.

Increases in social security old age and survivors benefits, and extension of unemployment insurance to workers not now covered.

A national health program built around research, education, and hospital and clinic construction.

Federal aid to education with the states controlling the funds made available by the government.

A permanent system of flexible price supports for farm products.

Repeal of federal taxes on oleomargarine.

Legislation to guarantee equality of political and employment opportunities to all persons regardless of creed or color.

Admission of more displaced foreigners to the United States. A statehood for Hawaii and Alaska and voting rights for the District of Columbia.

These and many other proposals are in the Democratic platform on which President Truman was elected and his party restored to power in the new congress.

The president's advisers say he will not overlook a single point on that platform, but may space his requests as congress moves along.

Committee Asks Extension Of Unemployment Benefits

Washington, Jan. 1—(P)—Extension of federal-state unemployment benefits to an additional 7,000,000 workers was urged today in a report to a senate committee.

The report also called for steps to assure larger payments for longer periods under the program and for taxing workers as well as employers to finance the insurance fund.

In general, employers pay the entire tax, although there are local exceptions where the employees also are assessed.

Plane Crash Kills Pilot And Boy, 12

Brainerd, Minn., Jan. 1—(P)—A 12-year-old boy and a former GI student pilot were killed early today when their small plane crashed in southeast Brainerd.

Dead were Kenneth Leo Weigand, Sand Lake hotel, Lakeville, Ill., and Gordon Martin, 25, pilot. Brainerd. The two took off in a Taylor Craft plane headed for Lakeville ending Weigand's vacation with his cousin, Mrs. Martin, the pilot's wife.

The plane had just cleared the ground when it stalled and crashed in a vacant lot. Cause of the accident is not known.

Man Dies Of Burns When Cigarette Sets Fire To Sofa

Chicago, Jan. 1—(P)—James Willis, 27, of Benton, Ill., who had been working here as a switchman, died today of burns suffered when a cigarette on which he was sleeping caught fire.

Willis, who was employed by the New York Central railroad, was awakened in the home of his brother-in-law, Roy Proctor, of 336 W. 59th street, Chicago.

Patrick McGovern, chief of the 24th Fire Battalion, said the fire was started by a cigarette Willis had been smoking.

Willis is survived by his wife, Florence, and three children, who live at Benton.

THE RETURN TO RED INK

After two years of balanced budgets, the American people are again faced with the alternative of a deficit or a tax increase. There is no escaping the bitter fact. Glance for a minute at the big red figures and the little black ones and see if you don't think it time for some drastic retrenching in federal expenses.

These figures, reviewed in the latest issue of the United States News, show a deficit of \$3,900,000,000 for 1939; the last normal prewar year; \$51,400,000,000 for 1944; \$53,900,000,000 for 1945 and \$20,700,000,000 for 1946. How puny in comparison are the surpluses—\$754,000,000 in 1947 and \$8,400,000,000 in 1948.

Now, returning to the red ink, we have an estimated deficit of \$619,000,000 for 1949 and a prospective deficit of \$2,700,000,000 for the year ending June 30, 1950.

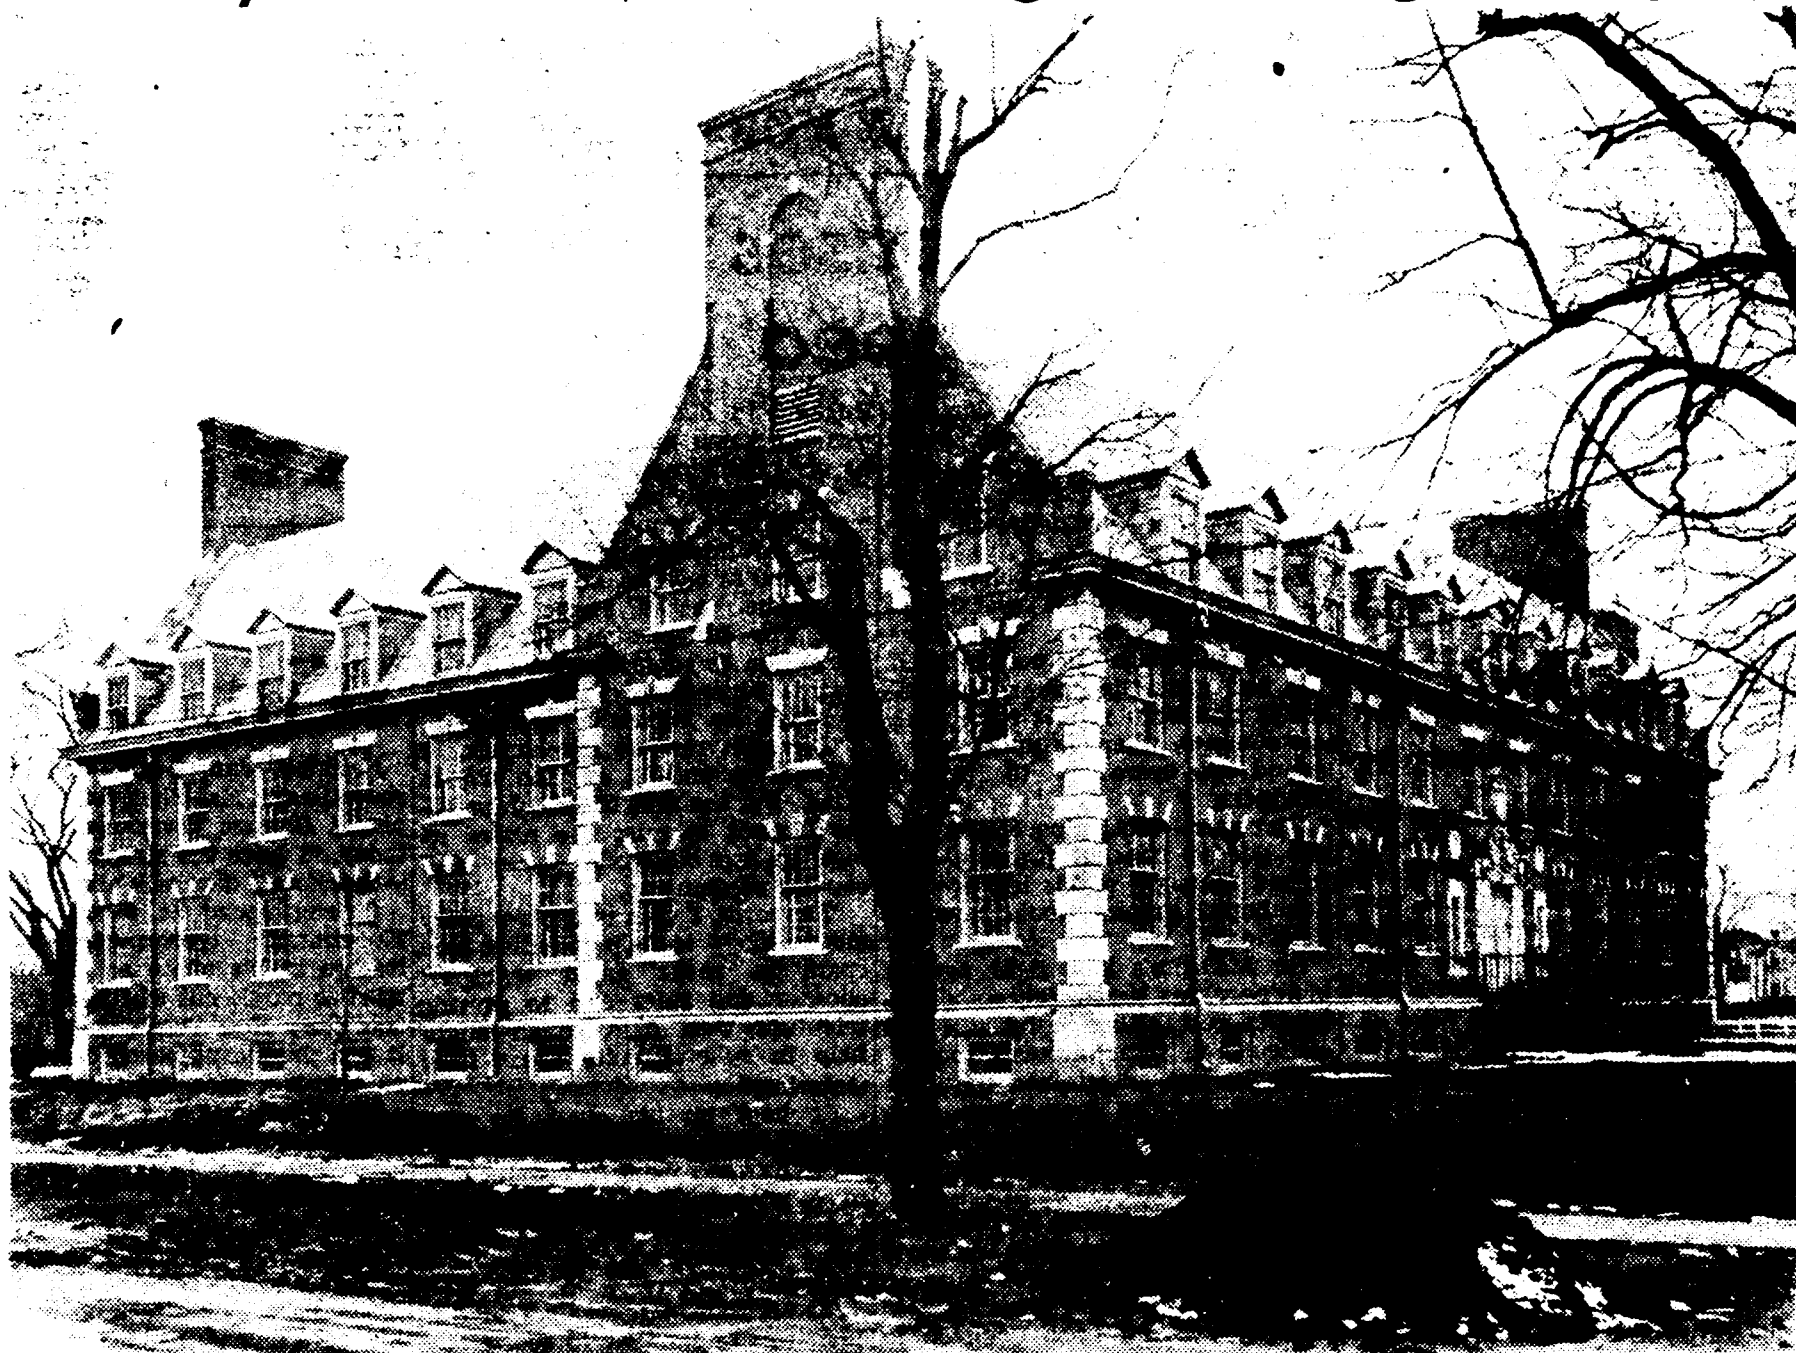

Trying to assess the political blame for this situation would be a waste of time. Extravagances have been gradually piling up, but the biggest cause of these big figures is war—fighting a war and now preparing against another with Marshall plan money and a big defense.

We have no magic that will eliminate the danger of war. The United Nations, which is supposed to preserve the peace, hasn't been perfected and may never be.

We must also realize that federal employees, from top to bottom, are entitled to pay adjustments so they can keep their heads above the inflation stream. In order to get good men for top position, it will be necessary to increase some salaries to meet the competition of industry business. The office of president has gone too long without a pay increase. Our chief executive shouldn't have to scrimp to pay his taxes.

But we can still make a big saving just by getting rid of needless expenditures. We can eliminate inexcusable extravagances like that of one government agency building a hospital in a town where another agency is tearing one down. We can do this by carrying out the recommendations of the Hoover commission. Its main recommendations already have been revealed and their adoption is imperative.

Boyle's Column

Any Opening Gives A Better View

By Hal Boyle
New York.—(AP)—Let's open Pandora's box all over again.

Good night!
Oh, Oh—what's wrong.
I mean Happy New Year! I mean it really. Welcome—1949!
And why not? Can't you open Pandora's box and figure this way—something's in here good for mankind? Why not give it light? Light hasn't really hurt anybody in our world since—well, since way back last Saturday.

Last Saturday, of course, was the morning after. Is there too, too much to repent about the eve before? So you made a double-dog fool of yourself the last night of 1948? Will you ever have the same chance to do it in front of the same company in the same way again? Let us hope not. The Lord has his own mysterious way of removing elderly innocent bystanders from the scenes of our recent crimes. Our crimes against sensible society and our own conscience, I mean.

Today You Are Unique
So today you are unique. You face life with a sense of guilt. But there the day stretches ahead of you—bright, fresh and new, and eager to record your repentant scrawl. Nobody in history saw the same day the same way before. Nobody will again.

But as the day wears you are likely to see that other people are back at work too. So, whether you work for them or they work for you, you appreciate that life is pretty much a fellow-hangover against the dark—and you feel that life is going to go on.

Darned, as a matter of fact, if you don't happen to think that you, too, have some importance in your effort to do your bit. You know it isn't probably going to sway mankind—but at least you didn't hide out with a penny cold. Life gains a thin rosy edge of virtue.

Well, if you have not that far, boss or hired hand, you are already a victim of Pandora's golden, modern box. And that is a kind of version of the golden rule.

Because, what with modern medical advances, people don't pay so

much attention to the diseases that La Belle Pandora used to let loose on a befuddled world with a reckless hand.

In 1949 people aren't looking for troubles—they have an eye open for blessings. They want hope more than they cry for help. They are looking for something better than something worse. They want to eat high on the hog—and who's there to say there isn't room for everybody to gnaw?

No, sir, it always was a matter of propaganda what came out of Pandora's box. This year let's accept the idea it was good—and good for us all.

There's plenty of everything for everybody. And everything is in your mind.

If I'm wrong, call me a liar in 1950. But as for 1949—it's only here once.

Let's live it—and let Pandora shut the gold-darned lid! We won't go this way again. No, none of us.

Lane-Scott Vows Spoken In Pretty Home Ceremony

The home of Mr. and Mrs. Claude Campbell at 132 Fairview Terrace was the scene of a lovely wedding Christmas Eve when their daughter, Betty Irene Lane, became the bride of Robert Clayton Scott, son of Mr. and Mrs. C. C. Scott, 918 North Prairie street.

MR. AND MRS. ROBERT SCOTT

The couple pledged their vows in a double-ring wedding ceremony performed by the Rev. Lewis N. Raymond. The attendants were Mr. and Mrs. Merle Scott and Mr. and Mrs. Floyd Hephworth. The wedding party was led by Kathleen and Judy Ann Lance, nieces of the groom, who acted as ring bearers. The candles were lighted by Roy Wright.

As the bride descended the stairs she was escorted by her father, who left her in marriage. She was attired in a suit of gray gabardine, with which she wore black accessories and a corsage of gardenias.

Mrs. Scott and Mrs. Hephworth both wore suits of green gabardine complemented with brown accessories. Their corsages were of red roses. The ring bearers wore identical dresses of yellow taffeta. Suits of black with red carnation corsages were worn by the mothers of the couple.

A reception was held at the home following the ceremony. A three-tiered cake was cut by the couple and served with other refreshments.

The bride was graduated from Jacksonville High school and is now employed at the W. T. Grant store. Mr. Scott attended Jacksonville High school and served two years in the U. S. Navy. He is now employed at Neco.

The couple plan to make their home in this city.

Dinner Party Held At Murrayville

Murrayville—A family dinner was given at the home of Mr. and Mrs. Harry H. Rimbey. All members of the family were present, with the exception of Charles Rimbey of Rockford, who was unable to attend. A gift exchange followed the dinner. The group included Mr. and Mrs. Clarence Gross of Springfield; Mr. and Mrs. Dale Gibbons of Roodhouse; Mr. and Mrs. Harlan L. Rimbey and Mr. and Mrs. John Gutmann of Jacksonville; Mr. and Mrs. James E. Hart and daughter, Norma Jean; Harry Dwight and Tommy Rimbey.

Billie Osborne, who has enlisted in the U. S. Navy, has left for the Great Lakes Naval Training Station where he will receive his boot training.

The Rev. and Mrs. E. L. Smart and daughter, Alberta, spent the holidays with relatives in Missouri.

Miss Halle Lea Helenthal of Roodhouse visited Thursday with her grandparents, Mr. and Mrs. Walter Helenthal.

Miss Lorene Sooy of Granite City spent the holidays with her parents, Mr. and Mrs. Lewis Sooy.

Mr. and Mrs. Dale Gibbons of Roodhouse and Mr. and Mrs. Harry Rimbey spent Thursday evening in Springfield.

Murrayville Club Holds Meeting At Strang Home

Murrayville—Mrs. H. G. Strang entertained members of the Murrayville Domestic Science club at her home here. The meeting was conducted by the president, Mrs. L. C. Collins.

Mrs. J. L. Solomon led in the club collect, with Mrs. Strang leading the pledge to the flag. The club voted a donation to the electric stove fund for Oak Lawn sanatorium.

Twelve members answered roll call, the subject of which was "Topics of Today." A paper entitled "Have the Last 50 Years Been a Total Loss?" was presented by Mrs. Henry Simmons. Mrs. Edward Ten-

nick read an article for Mrs. Emma D. Wareup, department chairman of health.

The meeting closed with "America's Creed," led by Mrs. Simmons. Refreshments in keeping with the holiday season were served by the hostess.

For Rent

Jacksonville Ice & Cold Storage Co. 400 NORTH MAIN ST.

Members of Grotto are very happy to announce that they are sponsoring Grand Ole Opry Number one Show when it comes to Jacksonville on Jan. 11th starring the Texas Troubadour Ernest Tubb, the Drake Brothers, Hal Smith and Butterball Page.

This famous jamboree which will bring the cream of the Grand Ole Opry stars here will perform on the stage of the Illinois School for the Deaf Auditorium for two shows. One at 7 P.M. and another at 9 P.M. Star of the show is one of America's greatest folk music artists, Ernest Tubb.

Imitated by many, but with a style never duplicated, Tubb has sold more than 15 million records during his career. At present his record sales on Decca label are second only to Bing Crosby.

Ernest Tubb's motion pictures have broken house records from coast to coast, and his recent success, the Republic picture, "Jamboree," has now been followed with a new release, "Hollywood Barn Dance," in which he has the leading role. When he appears here Tubb will sing many of his old favorites such as "Walking the Floor Over You" and "Try Me One More Time," and will add his current successes such as "Seaman's Blues" and "Yesterday's Winner Is a Loser Today" and the big seller, "Let's Say Good Bye Like We Said Hello."

Don and Velma, favorites on the Grand Ole Opry for many years, will appear on the same big folk music show with Ernest Tubb. Their many novelty and harmony songs are accompanied by Smokey's talented guitar.

Also on the show are the immensely popular singing team, the Drake Brothers, Hal Smith and his hot and sweet fiddle, and the unique electric guitar styling of Butterball Page. (Adv.)

Paper Sacks Will Be Stamped For Rummage Drive

From 2:30 to 4:30 o'clock Sunday afternoon the Stubblefield garage on West Beecher avenue will see a large crew of "mechanics" in action. The extra workers will be members of the Optimist club who will meet at the garage to stamp more than 2,000 large paper bags to be used in the rummage and rag collection drive next week.

Each paper bag will be stamped with indelible ink showing its purpose. The bags will be distributed to public and parochial grade schools next week, taken home by the pupils, filled with used garments and rags, and returned to the schools from which they will be collected in trucks.

The Optimist club and Salvation Army are cooperating in the rummage and rag drive. Many used garments will be turned over to a teachers' committee for use by pupils. The remainder of the materials will be sold and the funds used by the club and Salvation Army to promote youth welfare programs.

ANNOUNCEMENT

I wish to announce that I have sold to Earl E. Grojean, effective Jan. 1, 1949, my insurance business which included fire, casualty, health, accident and hospitalization insurance. With this sale goes all my good will and best wishes for success to Mr. Grojean and I am confident that he will continue the best of service to all my friends and policy holders. His son, Joe, will also be connected with him in this business and Mr. Grojean will continue in the Real Estate Business and will operate at the same office, Room 19, Drexel Building under the name of Grojean's Realty and Insurance Agency. Miss Betty Streeter will continue as secretary.

I take this opportunity to thank all my policy holders for their patronage in the past.

Annie Merner Chapel Shows Progress

View of the progress on the building of the Annie Merner chapel on the MacMurray College campus. It is hoped that this building will be ready for occupation by September, 1949.

MacMurray Continues Expansion As More Buildings Take Shape

During 1948 MacMurray College experienced its greatest year in the expansion of its physical plant. New construction totaling \$850,000 was either started or completed during the last twelve months.

Kathryn Hall, a dormitory for 104 students was sufficiently completed to allow the girls to move in when school opened. The Annie Merner Chapel was started and it is expected that it will be completed by the fall of 1949.

This week the final work on Kathryn Hall was completed, and with the return of college students on January 5 the lounges will be completely decorated and furnished. Kathryn Hall, located on East College avenue just east of Ann Rutledge Hall, was named for Mrs. Kathryn T. MacMurray. The building was started in August 1947.

New Plan For Rooms
In building Kathryn Hall the College deviated from the regular type of room arrangement that it had had in Ann Rutledge and Jane Hall. Instead of having rooms for two students with beds and study desks all in the same room the architect has designed an apartment type of living quarters with four students occupying each suite of rooms.

A typical suite of rooms consists of three rooms of approximately equal size. The center room is the living and study room while the two end rooms are sleeping quarters for two girls.

The living room of each student is equipped with four desks with chairs, two easy chairs and two end tables. All desks have individual study lamps. Each of the two bed rooms contains two beds, two chairs

and two chests of drawers. Each girl has her individual closet with expanding clothes racks and built-in shoe racks. There is also an additional stoop closet with a full length mirrored door in each bedroom for the joint use of the occupants.

Throughout the building the basic color scheme consists of sand finish plaster with the wood work painted Williamsburg green. The floors are finished with asphalt tile that is brown and fawn-colored. All windows are equipped with venetian blinds, and the drapes for the building harmonize with the color of the floor.

The furniture in the building is uniform in construction, but the color scheme varies from floor to floor. All furniture is of all metal construction and is modern in design. On the first and third floors the furniture is painted ivory and green and on the second floor it is terracotta and ivory.

Georgian Architecture
The outside of the building is Georgian in architecture. Built in the shape of an "L" it faces on East College avenue with a section of its outside exposure on Lorton street. The outside appearance is very similar to the other new buildings on the campus and in accord with the style of architecture adopted for MacMurray College in 1928 when the expansion program of the college was started.

Basement Fully Equipped
The fully equipped basement is divided into three units. The first is a large recreational room with a fireplace at one end. There is also a smaller recreation room. In the third section a laundry is provided. Students will have an opportunity to do their washings in an automatic washing machine and then dry it in an automatic dryer. The laundry room also includes built-in ironing boards. The entire basement has asphalt tile floors.

As one enters Kathryn Hall he sees a circular stairway with its graceful wrought-iron balustrade. To the right is the dormitory office which provides telephone service and package delivery service for the students. This office is equipped with a two-way buzzer service so that students may be notified when callers come or when they have a telephone call.

Square, fluted columns flank the corridor to the west of the main lobby which leads to the main lounge of the building. This large lounge has an Italian marble fireplace at the west end and has several smaller "date parlors" adjoining. Food serving facilities are provided by a small kitchen connecting with the central lounge.

The building was designed by Smith, Kratz and Strong, architects, of Urbana, Ill., and was erected by Hugh Gibson of Jacksonville.

When the official coat of arms of the United States was changed in 1945, the vice president's flag was not changed accordingly. President Truman recently ordered the flag redrawn, and Betty Walsh, of Cincinnati, O., displays the new design. The eagle now overlooks the olive branch. It formerly faced the other way, toward the arrow.

1949 Soap Box Derby Rule Book Available Now

Boys of the Jacksonville area who want to get a running start toward the annual Soap Box Derby this year may obtain copies of the 1949 official rule book at the Journal-Courier business office.

These books were issued so that they may be distributed to boys who wish to start construction of their cars during the winter months.

The 1949 Derby will be held in this city next July or August, sponsored as usual by the Journal-Courier and Corbett Chevrolet Company, in cooperation with the Exchange Club, which assumes charge of staging the big event.

Last summer the Jacksonville Soap Box Derby drew about 50 entries, boys who made their own cars and raced them with dreams of a trip to the national finals at Avon, Ohio, as their goal. John Henry English emerged as the champion of the local race. He received an expense trip to Akron where he

made the best showing of any Illinois contestant, winning his first heat and finishing close to the winner in the second.

Energetic youngsters who want to get busy designing new cars will want the 1949 rule book now available.

See Army of Germans as Russia's Not-So-Secret Weapon

Informed sources think Russia is preparing a new diplomatic bombshell—a demand for early withdrawal of all four-power occupation troops from the country. The Germans would certainly like to have their country back, but, as these maps show, it would create a situation perilous to democratic Germans and to the western powers. It would leave the Soviet-organized German "People's" police force in control of Eastern Germany and in position to overrun the country. This "police" force is really a Red army, consisting of German war veterans equipped with tanks, artillery and other heavy weapons. French estimates put 500,000 German troops under Soviet command. Photo, below left, shows a German "People's" policeman in blockaded Soviet sector of Berlin checking German truck bound for British sector.

Wabash Makes Several Changes In Key Positions

Changes in key Wabash Railroad freight traffic posts find Charles J. Sayles appointed Executive Assistant to Vice-President—Traffic; Paul A. Spiegelberg promoted to Freight Traffic Manager in charge of sales and service; George F. Harrigan of Pittsburgh, Pa. named Assistant Freight Traffic Manager succeeding Mr. Spiegelberg in St. Louis; Earl C. Perkins transferred to Pittsburgh as General Agent, Freight Department; and John R. Hundley promoted to General Freight Agent, St. Louis.

Sayles has held the position of General Freight Traffic Manager since March, 1943, and has been with the Wabash Traffic Department more than 35 years. He resides at 2046 Stanford Avenue, University City, Mo. His first railroad position was that of ticket clerk in Council Bluffs, Ia., in 1909.

Spiegelberg, who resides at 5011 Aubert Avenue, moves up from the post of Assistant Freight Traffic Manager. He started with the Wabash as a mail boy in the Accounting

Department in November, 1911. A graduate of St. Paul's College, Concordia, Mo., he served in the first World War in France with the Army of occupation in Germany.

DECORATIONS FOR PHONE GIRLS

London—(P)—Maybe it will improve the service. The Post Office is experimenting with fluorescent lighting and more decorative interiors for some of London's telephone exchanges in the belief the brighter atmosphere will increase staff efficiency. If it works other exchanges will be redecorated.

Meeting Of Local Woman's Club Has Been Postponed

The meeting of the Jacksonville Woman's club, which was originally scheduled to take place at the Dunlap hotel at 2:30 p.m. on Saturday, Jan. 8, has been postponed until the following Saturday, Jan. 15.

The reason for the postponement is due to the inability of the speaker procured for the meeting, Mrs. Sarah Miller Barr, noted lecturer, to appear on that date. Mrs. Barr will, however, be available for the Jan. 15 meeting. A more complete announcement concerning the program will be made at a later date.

Mrs. Fletcher J. Blackburn, president of the club, has announced that the meeting of the executive board, which was to have been held Tuesday, Jan. 4, at 9:45 a.m. in the Farmer's Bank building, has also been postponed one week and will be held instead on Jan. 11, the Tuesday preceding the date of the general meeting.

New Postal Rates Become Effective As Year Begins

Postage rate changes which will add an estimated \$125,000,000 to the nation's annual mailing bill went into effect Saturday.

Involving increases in a long list of postal services, including parcel post and air mail letters, the rates still aren't as high as those recommended by Postmaster General Donaldson to meet a continuing operating deficit.

The changes involve one decrease—the rate for handling air mail postal cards, now five cents. This rate was dropped to four cents on New Year's day and on Jan. 10, the department will issue a new government four cent air mail postal to accommodate the users of this service.

The air mail letter rate moves up from five to six cents per ounce, reverting to the rate in effect between 1934 and 1944. A new six cent air mail stamp is scheduled to appear Jan. 18.

In the case of the new four cent postal card, Jan. 10 was the earliest date on which large scale supplies could be obtained, but the 18 day delay in the appearance of the six cent air mail stamp was deliberate in order to provide a period for clearing out old stocks of the six cent denominations left over from four years ago.

Present first class surface mail rates—the three cent letter and the one cent postal card—continue in effect after Jan. 1 and no charges are being made in the second class rates covering newspapers and magazines of general circulation.

RED GERMANY SELLS TO JAPAN
Tokyo — (P) — Japanese farmers soon will receive fertilizer made from potash produced in the Soviet zone of Germany. Officials at General MacArthur's headquarters said the first shipment of 100,000 tons of potash has arrived from Stettin, Germany. It was bought by a private U.S. firm and sold to the U.S. army quartermaster.

Wed At Church

MR. AND MRS. HORTON

Grace Methodist church was the scene of the marriage of Miss Mildred Dawson, daughter of Mrs. Porter Armstrong of Franklin, and William L. Horton, son of Mr. and Mrs. O. L. Horton of Peoria.

Following the ceremony the couple left on a wedding trip, after which they will make their home in this city.

AMERICA THROUGH GERMAN EYES

Stuttgart—(P)—"Of all cities of the world New York has the busiest harbor, the longest street, the highest buildings—and the fewest public lavatories." This statement comes from Josef Eberle, editor of the American licensed "Stuttgarter Zeitung." Eberle just returned from a two months' study trip through the United States and tells his readers how America impressed him.

"We had some dollars in our pockets when we walked along New York's streets for the first time and we felt like children at a fair who think they can buy everything with their pennies," Eberle related.

"This hat here—isn't it marvelous? And this grey suit—only forty dollars. And whiskey and ties and bananas and nylons and radio sets and... Finally we bought some frankfurters with plenty of mustard."

"New York is one single superlative," Eberle wrote, "and no wonder that we could see 'The longest cigar of the world' and a few hundred yards further down street the newest car."

The Stuttgart editor said, however, that those superlatives have their disadvantages, too.

"For instance, the thickest traffic. I had a date somewhere in the city and I would have been fifteen minutes late if I'd taken the subway. So I hired a taxi cab, spent ten times as much money—and was one hour late," Eberle related.

A single adult female oyster will discharge from 15 to 114 million eggs at a single spawning.

Group Of Films Shown At Meeting Of Roodhouse Club

Roodhouse—A group of films were shown at the meeting of the Roodhouse Rotary club by Percy Russell of Jacksonville, a former resident of Roodhouse.

Russell, who gained much experience in photography during World War II, is now a professional photographer. The films he showed were "Island of Caledonia," which was taken during the war, and also some of his present work. He was introduced by G. B. Todd, program chairman.

Guests were Jack Worcester of Washington, D. C., and Hugh Shaw of Jacksonville.

Mr. and Mrs. Rondall Fagin have returned to Moline following a visit here with Mrs. Fagin's mother, Mrs. Sallie Davis.

Miss Barbara Barrow of Peoria is spending the holidays with her grandmother, Mrs. A. H. Barrow.

A.A.U. Declares Track, Field Star A Professional

Philadelphia, Jan. 1.—(AP)—An edict by the Amateur Athletic Union has ended the brilliant track and field career of Henry Norwood (Barney) Ewell, 31-year old sprinter and broad jumper.

The swift negro from Lancaster, Pa., second in the Olympic 100 and 200-meter dashes last summer, was declared a professional in a ruling announced yesterday by Frank N. Percival, secretary of the middle Atlantic district of the A.A.U.

The ruling came after the former Penn State star had accepted a furnished house as a gift from appreciative Lancaster citizens.

"I am living in the house and proud of it," said Ewell, who is now

Joe DiMaggio May Get \$80,000 Next Year

New York, Jan. 1.—(AP)—Joe DiMaggio's salary from the New York Yankees next season may hit \$80,000.

The slugging outfielder had a bonus clause in his contract last year, it has been learned, and will have a similar one in his 1949 paper.

Officials of the club refused to deny or confirm this report when questioned yesterday.

Nevertheless, it was learned DiMaggio's contract called for around \$55,000 basic salary, plus so much for every 250,000 customers over the 1,500,000 mark. The Yankees drew 2,412,011.

Joe's overall salary last season figured around \$75,000. His 1949 pact is expected to call for \$80,000 basic salary and the same arrangement about the gate.

If New York draws as well as last season, then the Yankee Clipper's earnings would be around \$80,000.

Schroeder Defends His Tennis Title

New Orleans, Jan. 1.—(AP)—Ted Schroeder, Davis Cup star from Los Angeles, successfully defended his Sugar Bowl tennis title here yesterday, defeating Earl Cochell of San Francisco, 6-2, 6-3, 6-3, for permanent possession of the championship cup.

Schroeder also teamed with Victor Seixas of Philadelphia to take the doubles title with a 10-8, 6-3, triumph over Cochell and Gardner Mulloy of Miami, Fla., in the best two out of three set finals.

Schroeder and Mulloy won the doubles championship last year.

Climbers Listen When They Spike Mountain

Boulder, Colo.—(AP)—That odd sound that has become so popular with radio comedians—"poing-ggg-gg"—has an entirely different meaning to the mountain-climbing fraternity. Charles Hutchinson Jr., recognized as one of the most capable climbers in these parts, says that to him "poing-ggg-gg" means solid rock and safe footing on the high slopes. Here's why:

When a mountaineer drives a steel spike or piston into a rock, the sound tells whether or not the rock is healthy or rotten. Bad rock makes a "pen" noise when the spike is driven.

The pistons are generally made of flattened steel and are hammered into tiny crevices. There is an eye in the metal so the climber can pass a rope through it if he desires to use the spike as a safety anchor.

The better climbers, incidentally, collect pistons in the Rockies as enthusiastically as golfers pounce on second-hand tees. Inexperienced climbers get scared on certain rock faces and leave their pistons behind. The more seasoned mountaineers come along behind them and pry them loose for future use. This is a fairly sensible hobby as the things cost from 35 cents up. Some of the Swiss-made spikes are of specially-tempered steel and a handful of them run into long money.

URGES BULK PARKING FINE SALE

Levittown, Mont.—(AP)—An unidentified urban planner has suggested through the press that a "meal ticket" system of collecting overtime parking fines be tried out. He says the city should sell five \$1 overtime parking fines for \$4.50 in book form. Then "regular" customers could leave their books at the city hall, where they could be punched whenever a traffic regulation was violated.

Yanks Work Hard, Germans Told

Frankfurt —(AP)—A warning was issued to German "enthusiastic emigrants" by Heinrich Kierzek, a German editor, just back from the States.

"You've to work hard overseas and fruits of your work are often collected by your descendants and not by yourself," he wrote in an article rounding up his experience in the States. Kierzek, who is the editor of the American licensed "Puldaer Volkszeitung," belonged to a group of German journalists who completed a study tour through the United States recently. The trip was sponsored by the Rockefeller Foundation and Columbia University.

"Work tempo there is without mercy and loading much more difficult than here," Kierzek told German workers.

"What is different in America" was banner-lined over his article. A remarkable feature of American people for Kierzek was that "they save money." "Every second worker in the state is feeling himself a future capitalist. One day, so he reckons, he will have saved so much money that he can open a shop, can buy a big piece of land or invest his money otherwise and become independent."

Comparing the living standard of an American worker with that of his German colleague, Kierzek comes to the result that "the U.S. workman can buy for his earnings about eight to ten times as much goods as a German worker in the same job can."

Norway's Big Game On Increase

Oslo.—(AP)—There have been great changes in Norway's fauna in recent years, according to one Norwegian expert, Dr. O. Olstad. While some wild animals have increased rapidly, others are becoming rarer.

Among the wild beasts now becoming more numerous are the bears. The wolves are also increasing and moving towards the southern part of the country. From time to time complaints are heard that the wolves have attacked reindeer herds or sheep flocks in the mountains. In most cases only "lonely wolves" are observed, but in the northern province of Finnmark, where the Lapplanders are breeding thousands of reindeer, there is a permanent stock of wolves. Dr. Olstad said in an interview.

Among other animals which have been increasing in number are the elk and the wild reindeer. Also the lynx and the marten are now more frequently seen in the deep forests.

One Jail Inmate Nets Profit

Columbia, S. C.—(AP)—The city jail is rid of its most complacent prisoner. He was an aged brown mule that munched city hay for ten weeks.

Police found the old fellow on a vacant lot and advertised him in a lost and found column but nobody claimed him. So finally on order of Police Chief L. J. Campbell an auction was held in front of the jail.

Auctioneer E. M. Dupre proclaimed that the mule was "good and strong and would cost \$75 anywhere else." The two bidders examined the animal's teeth and agreed he was more than 14 years old.

The bidding started at \$5 and ended at \$25. As the mule strolled away with his new owner, a policeman commented:

"That was a \$2.60 profit. He ate up the rest of his price in hay and mule feed."

Malacca Still Looks To Past

Malacca —(AP)—Seventeenth century Portuguese voyagers dreamed this would become the richest port in Asia. But today Malacca slumbers in the tropical sun, an almost forgotten backwash of world shipping lanes. The fabled port of 300 years ago has hoarded the cultures of the past—Portuguese, Dutch and traditional Chinese. And today it still is important as the capital of rich Malacca settlement, once one of the Straits Settlements and now a part of the Federation of Malaya.

But Port Swettenham and Penang, further north on the Malayan Peninsula's West Coast, have superseded economically. So life in Malacca gives the impression of flowing on, undisturbed by anything around it. Bare-foot, half-naked Chinese children play soccer on the reclaimed green by the once-bustling waterfront. Rubber planters and their wives flock to the porch of the Government Rest House for tea.

Even Malaya's small but determined Communist insurgent forces, who make life a gamble in many other parts of the Peninsula, have left Malacca almost unscathed.

"BLESSED SINNER" PAYS BILL

Donver.—(AP)—A "blessed sinner" has paid the U. S. forest service \$2 for an ax stolen 11 years ago. Two \$1 bills and an unsigned letter were mailed to the forest service from Cheyenne, Wyo. The letter read:

"Some 11 years ago I stole an ax out of one of your trucks. Here is two bucks to pay for it. God got hold of me one Sunday evening and I promised Him if He would forgive me my sins, I would try to straighten up my crooked back track."

"Please forgive me and give God the praise. It's wonderful what the Lord can do. Praise be His blessed name. I am a blessed sinner."

AMERICAN BISHOP HEADS REBUILDING BOARD

Geneva, Switzerland.—(AP)—The Rt. Rev. J. I. Blair Larned, bishop of the American Episcopal church in Europe, was elected chairman of the board of managers of the department of reconstruction and inter-church aid of the World Council of Churches, at the first meeting of the board here.

The board was set up at the first assembly of the World Council of Churches held in Amsterdam in August. It is the channel through which Protestant and Orthodox churches in all parts of the world are to assist the rehabilitation and reconstruction of needy churches in war-devastated areas of Europe.

SOVIET COTTON MOVES NORTH

Moscow.—(P)—The northern march of Soviet cotton fields has begun again.

During the war German destruction undid much important work which had been done by Soviet agronomists on the growing of cotton in the Ukraine—farther north in the USSR than it had ever before been cultivated. The Armenian paper "Kommunist" now reports that many collective farms in the south Ukraine are resuming cotton growing and expect in the near future to expand acreage in the republic to a figure higher than that of the pre-war period.

EX-NAZI THINKS WAR CAN AID GERMANS

Friedberg, Germany.—(P)—A former Nazi who later turned against Hitler believes that Germany would be strengthened through a third world war. He is Dr. Otto Strasser, now living in Canada. In one of the letters he sent regularly to his German friends, Strasser says:

"Even if five or ten million Germans will be killed in a third war, Germany's position will be strengthened after it, because the number of killed Russians, Americans, French and Poles will be far greater."

The 51-year-old politician hopes for an early return to Germany to become the leader of a new German party which has just been founded in this small town of Friedberg in the American zone state of Hesse. The party calls itself "Union of Germany's Renewal." One of the principal demands is the re-establishment of a German "Reich."

UNIFORM AD STARTLES FRANKFURT

Frankfurt, Germany.—(P)—After three years of re-education and demilitarization, people in Frankfurt were astounded when they read the following announcement in the local "Neue Presse":

Foreigner wants to buy uniform with brassplate and helmet for 7-year-old boy.

Crimson Five Loses To Rock Island, Play Quincy In Consolation

A tired Jacksonville high school basketball team couldn't get rolling until the last quarter, and were dumped by the Rock Island quint 58 to 40 in the first round of the Quincy four-team holiday tournament Saturday afternoon.

The highly-rated Rock Island five jumped into a 23 to 9 lead after the first eight minutes of play, and the crimsones could only manage to tally

4 points in the second canto and 2 more in the third while the Northern Illinois outfit rolled up 42 markers in the first three periods.

In the last frame, the local crew, paced by Stan Spotts and Bill Williams, dunked 25 counters through the hoop, to stage a last minute rally which fell hopelessly short as time ran out in the contest.

Rock Island Uses 10 Men

The Rock Island mentor used 10 men in the fray, with all of them scoring, while Bob Kraushaar inserted subs freely throughout the melee and 8 of the local boys tallied. Stan Spotts, who was shifted to forward by Kraushaar, garnered 12 counters for Jacksonville, Bill Williams got 11 for the locals, and Collier, giant Rock Island pivot, man-dumped through 11 points for the winners.

Monmouth edged Quincy's Blue Devils by a 37-33 count in the other first round bout, to win the right to play Rock Island for first place honors.

William And Mary Defeats Oklahoma In Delta Bowl

Memphis, Tenn., Jan. 1—(P)—A never-say-die William and Mary eleven scored a 20 to 0 victory over Oklahoma A & M in the Delta Bowl today on three sudden thrusts and three terrific goal line stands.

Three times in the first half, Aklahoma pushed aside the Virginians' ten yard line, once to the one-foot mark. But their scoring punch fell as flat as last night's champagne.

Then William and Mary came back to score on two passes and a 70-yard run by a big bruising tackle, Lou Creekmur, who had intercepted a pass.

The smallest crowd for any of the season's major college games here—15,000—looked on.

William and Mary scored first in the third quarter after a brilliant off-tackle, 28-yard run by Jack (Flying) Cloud, who carried the ball to midfield. A short pass, a short run and another 21-yard dash by Cloud brought the play to the Oklahoma 14 yard line.

Calmly, Tommy Krczewski fired a pass to Lou Hoitama, who scored from the one-yard line.

The Virginians racked up another score on the first play of the fourth quarter on a pass from Krczewski to Jack Bruce from the 23 yard line. They had got the ball on a kickoff fumble after their first touchdown. Ken Roof fumbled the kick, and Creekmur picked up the ball and ran over the goal. He was called back.

But he got his chance in the fading moments of the fray when he intercepted John Carey's pass.

Clemson College Edges Missouri U. In The Gator Bowl

Jacksonville, Fla., Jan. 1—(P)—Jack Miller's perfect kicking gave Clemson College a surprise, 24-23 victory over the University of Missouri in the fourth annual Gator Bowl football game today.

A crowd of 35,273 saw everything a football game can offer. Fans Entsminger, Missouri's split-T formation quarterback, and Bobby Gage, brilliant Clemson triple threat tailback, lived up to advance notice and waged a thrilling duel.

Sports writers voted Gage the most valuable player of the game but it was Clemson fullback Fred Cone's clever ball handling and hard plunging, together with Miller's accurate kicking that gave the South-eastern conference champions their one-point victory.

With eight minutes and 45 seconds left in the game, Miller booted a difficult-angle field goal from the Missouri 22 to barley offset Missouri's third period safety and last period touchdown.

Ex-Notre Dame Grid Star Dies

Chicago, Jan. 1—(P)—Robert W. "Bob" Skoglund, 23, who played end for the Notre Dame and the Green Bay Packers football teams, died today.

Death of the young athlete, who was seen in action by thousands of college and professional football fans, was attributed to a kidney infection.

Skoglund injured a knee in a pre-season game against the Washington Redskins. He underwent a knee operation Nov. 24 in Pittsburgh and returned to his home in Chicago Dec. 17. He entered St. Francis hospital in suburban Evanston last Friday.

Eye Trouble

Ernie Roderick's 10-year reign as British welterweight champion comes to an end as Henry Hull, right, wins a decision after 15 rugged rounds at London's Harringay Arena. The fight was so close that the new titleholder had to be escorted from the ring after the verdict was announced. It is plain that the loser did considerable blocking with his right eye.

Quincy Squad Too Tall, Crimsones 61-38 Losers

Quincy—Quincy high school cagers, led by lengthy Monzell Jackson, had little trouble defeating the much smaller Jacksonville quintet by a 61-38 tally in the consolation play-off of the one day holiday tournament held here Saturday.

Monmouth won the crown by defeating Rock Island 47-42. Jackson, the center, snagged nearly every rebound off the Jacksonville bankboards. He also carried a sharp eye during the evening, cashing in 11 baskets and a pair of free tosses.

Walker Sparks SMU 11 To Win In Cotton Bowl

Dallas, Jan. 1—(P)—All-America Duak Walker and his brilliant sophomore running mate, Kyle Rote, carried Southern Methodist to victory over Oregon 21-13 in the 13th Annual Cotton Bowl game today before a capacity crowd of 69,000.

These two great backs needed all their running, passing and punting ability to overcome the flat, fast passes of Norman Van Brocklin, who engineered two sensational last quarter touchdowns to climax a brilliant offensive contest.

Southern Methodist, the southwest conference champions, punched out a touchdown five minutes and 12 seconds after the game started. S.M.U. added another in the third period and then after Oregon had rolled to make the score 14-6 counted a third time to build a margin that the co-champions of the Pacific coast conference never could overcome.

A tight Oregon defense limited the driving, twisting Walker to nine yards as his longest running gain, but the 163-pound Junior showed himself a mighty hero by passing on a par with Van Brocklin, quick kicking once for almost 80 yards to the Oregon six-inch line, and throwing vicious blocks whenever he gave the ball to anyone else in his backfield.

SMU WILL TACKLE
NOTRE DAME NEXT YEAR
Dallas, Jan. 1—(P)—Southern Methodist and Notre Dame have signed a home-and-home agreement for football games in 1949 and 1951. It was announced tonight.

Oklahoma Clips North Carolina In Sugar Bowl

New Orleans, Jan. 1—(P)—Happy-go-lucky Oklahoma walloped North Carolina, 14-6, in the 15th annual Sugar Bowl grid classic today, putting a dead serious finish to a post-season appearance it had undertaken with careless abandon.

A mighty throng of 82,000, largest ever to see a football game in the south, watched the big seven champions strike swiftly in the first and third periods and hold the favored Tar Heels under their thumbs most of the afternoon.

The red-jerseyed sooners, who did not become serious in their pregame preparations until a few days ago, took command in the first quarter and led all the way.

With General Jack Mitchell running their highly explosive split-T attack with superb precision, the Oklahomaes yielded only once to the hard-running Carolina backs, including Charlie Justice and his all-America tummy ache.

Bed-ridden yesterday with the most famous tummy ache since that which once floored Babe Ruth, the all-America Choo Choo appeared none the worse for wear today. He got off several nice runs in midfield but the Oklahoma line kept him away from the stripe that counts and successfully throttled his aerial thrusts.

Forward passes set up both of Oklahoma's touchdowns, but only one of them was thrown by an Oklahomaan.

Baylor Defeats Wake Forest In Dixie Bowl Fracas

Birmingham, Ala., Jan. 1—(P)—The Baylor Bears grabbed a big first half lead and held on grimly in the final periods today to defeat Wake Forest, 20 to 7, in the Dixie Bowl football game.

The victors were much superior for the first two periods, out were pushed around in the closing moments. About 20,000 chilled fans saw the second Dixie game.

George Sims, star Baylor left half, put the Texans in front early by intercepting a pass at his 40 and going 52 yards to the Wake Forest 8. Sammy Pierce, big fullback, drove across for the score with less than three minutes gone.

Another Baylor touchdown drive had gone 57 yards to the Wake Forest one when the first period ended. Fullback Jerry Mangum scored on the opening play of the second quarter.

The final Bear score, on a 66-yard drive, resulted from a short pass from Ray Painter to end Harold Riley. Hank Dickerson converted on the two final touchdowns.

Fourth Quarter TD Gives Wildcats Nod In Pasadena Event

Pasadena, Calif., Jan. 1—(P)—Northwestern broke the hearts of a gallant California football team today, defeating the Golden Bears in the final three minutes of a savagely fought contest, 20 to 14.

So once again the banners of the Big Nine float in victory in the Rose Bowl over the Pacific Coast Conference.

Trailing by one point in the fading moments as a mass of 93,000 humans alternately prayed and shouted, shifty Tunnickliff, a 163-pound flash from Kewanee, Ill., took a direct pass from center and raced past a suddenly stricken California eleven for 43 yards and the triumph.

That dash wrought an explosive climax to a game that started with one record breaking run that put the Big Nine eleven in front in the first quarter, and just as suddenly saw it tied by an equally spectacular touchdown run by a California back.

It wrote a bitter disappointment to a great California team which came from behind a half time score of 13-7 and roared into the front in the third quarter. And it all happened with little more than two minutes to go.

Big Nine Champions
Once again the Big Nine was the champion of the Rose Bowl mid-west coast series which began with one-sided victories by Illinois and Michigan last year.

This was no one sided affair at any stage, however. This California team, facing a favored and admittedly hard hitting team from the rugged Big Nine, looked like the rough, rocking teams the west used to field. There was no humiliation in this defeat.

Frank Aschenbrenner, Northwestern's best back today, brought the huge throng to its feet midway in the opening quarter when he cut over his own right tackle, switched back across the field and ran 73 yards for the first touchdown.

Northwestern kicked off its seven points looming large on the scoreboard. Cal's Jack Swanner returned it 33 yards to the Bear's 33. On the first play from scrimmage, Fullback Jackie Jensen, prized 195 pound ground gainer, went over his left end, reversed the field and traveled the full route of 67 yards for six points.

Big Truck Cullum kicked the extra point, matching the NU conversion booted by Jim Farrar.

Returns Kick 40 Yards
Early in the second quarter Half-back Tom Worthington of the Wildcats took a reverse handoff of a punt from Johnny Miller and returned it 40 yards down the side stripes to the California 22. Miller picked up seven, then a yard; Fullback Art Murakowski bulled the ball 12 yards to the two, then rammed the line for a touchdown.

Farrar's try for the extra point was wide to the right. It didn't seem too important at the time because the Wildcats were holding the upper hand and on the offensive most of the way.

The half ended with NU ahead, 13-7.

California's stock dropped low when Jensen on his first run in the third quarter, had an ankle collapse under him and was through for the rest of the afternoon.

But California was far from through. They drove to midfield. They gambled on a fourth down—they did it and made it twice before—and NU took over. Then came a break. Quarterback Don Burson was hit so hard trying to pass, he fumbled and Ray Dejong, reserve guard, recovered on the NU 44.

Brunk Starts March
Frank Brunk, Jensen's understudy, started a march with a 74-yard smash and the Bears began to roll. They rolled to the four yard line in ten plays and then with the count fourth down, Jack Swanner fought, twisted and bulled his way for a touchdown and the score was tied.

Cullum's trusty toe came through Cal took a 14-13 lead and a coast team was in front in the Rose Bowl fourth time since a brief moment during the UCLA-Illinois game.

And the Bears weren't through. In the early minutes of the fourth they battered their way to the Wildcat seven yard line. But again with fourth down and four to go, the Wildcats held and the threat died.

There were six minutes to go when Northwestern took the ball and started a long haul from its own 12-17 yards to End Don Stonesifer. Gasperrone sped 14 and the Wildcats hammered on down toward midfield and into Cal territory.

Bears Caught Unware
That was when Tunnickliff, on the only direct pass from center tried today, caught the fighting Bears unawares and broke up the ball game, and with it their hearts.

The Bears tried a belated pass attack but the alert NU defense snared a long, six-point pass try and that was the ball game.

The defeat ended California's unbeaten and untied record and was a victory for Coach Bob Voigts over his former Coach at NU, Lynn Waldorf of California.

OLD EQUIPMENT WASTES. BRITISH ELECTRICITY. Birmingham, Eng.—(P)—Old and inefficient electrical appliances are wasting a lot of Britain's inadequate power supplies. I. A. R. Stedford, Chairman of Tube Investments Limited, told a company meeting here, "A tremendous amount of such equipment, including a million electric cookers, has been in service now for 10 or 15 years and by present standards is very inefficient and uneconomical, both in electricity consumption and maintenance and replacement," he said.

Beware of Romance

By Roberto Gurland

Copyright by Gurnsey Pub. Co.—Distributed by MEA SERVICE, INC.

THE STORY: When sixteen-year-old Merry Carson learns that her selfish mother, Susan, for a divorce, her whole world turns topsy-turvy. Kin leaves home and Susan goes to pieces. Aunt Jane comes to look after things. The doctor advises a change for Susan and they take her to St. Vincent's, an island resort. Here Susan buys a house from Carter Bandy. Carter treats her gallantly and Susan begins to perk up. Merry goes to spend a couple of days with her father in their home town. In the hotel lobby the first evening, she sees Tip Kennedy.

XIV

FOR a moment the floor seemed to heave a little under her feet, and the next minute Tip was saying quietly:

"Hi, Merry. You look prettier than ever."

The floor steadied a little and she heard her voice, a little high and unnatural, saying breathlessly:

"Thanks, Tip. It's a truly noble sun-tan, isn't it? I'm frantic with pride about it."

"Very becoming," said Tip politely. And then his voice stopped being so quiet and determinedly casual as he said accusingly:

"You might have answered one or two of my letters, anyway, Merry."

"I'm terribly sorry, Tip, but you've no idea how busy I've been. I tutored like mad to finish my classes, and then Mother and I bought a house and we've been racing around getting it all slicked up and you should see the garden."

Tip managed a semblance of a polite smile, and with his hand beneath her elbow guided her firmly toward a big sofa set at right angles to the main entrance.

"I want to talk to you, Merry, now that a kind friend who saw you at the airport was good enough to telephone me that you were in town."

Merry was glad to sit down, for somehow, crazily, her knees were shaking and her heart was ham-

mering so hard she was quite sure that he could hear it.

TIP's lean brown face was hard and set. His tone was so quiet as to be almost expressionless.

"I don't know just what I've done to deserve this brush-off you're giving me, Merry," he said. "I certainly had nothing to do with your parents' break-up, so why make me suffer for it?"

"I'm not, Tip, I'm not," she protested, and set her teeth hard against the tears that threatened her. "I've tried to explain, Tip. If they couldn't make a go of marriage, with all they had to hold them together, how could a couple of kids like you and me hope to?"

"We won't always be a couple of kids, Merry."

"I know, Tip. And I suppose they felt when they were married that it was for always and a couple of days afterwards, Tip, when people have lived together, and loved each other, and then get tired of living together and don't love each other any more, it hurts."

Tip was about to protest when he saw Kin coming toward them. He stood up.

Kin smiled warmly at Merry as he approached.

"Afraid I'm late, chick. A shame, too, when we have so little time to be together," he said, and kissed her cheek, and looked at Tip with recognition. "Oh, hello. It's Tip Kennedy, isn't it?"

"How do you do, sir," said Tip stiffly.

"Glad to see you, boy. How's your father?"

"Fine, sir, thanks. It's good to see you back. I only wish you were coming back to stay, and Merry, too."

"I wish so, too, Tip, but I'm afraid it's not possible."

Tip nodded. "Could I see you for a little while, Mr. Carson, while you're in town? I'd like to talk to you."

Merry made a little instinctive

gesture of protest, and said through her teeth, "It's no use, Tip."

"How do you know?" Tip was being deliberately rude, and Kin's eyebrows went up just a tiny bit and there was the faintest possible twinkle in his eyes.

"Of course. How about tomorrow morning? About 10? Maybe you'd meet me here and we could ride in town together. Matter of fact, I'd like your assistance and advice about something."

Tip flushed at the unspoken compliment of that and stood a little straighter.

"Thanks, sir. I'd like that." And then he turned to Merry. "The gang would like to give you a party, Merry—they all want to see you. Could you make it tomorrow night?"

And before Merry could voice a negative Kin said heartily, "That's fine, Tip. I am afraid I'm going to be tied up for a couple of hours after dinner tomorrow. I was worried about Merry being on her own for the evening."

"Merry needn't ever be on her own here, Mr. Carson, unless she wants to be," said Tip with an accusing glance at Merry. "I'll see you at 10, sir. Good night."

He went off across the lobby then, holding his tall lanky body rather stiff and straight, and Kin watched him, frowning.

"Seems a likely young lad," he said then. "Have you been quarreling with him, chick?"

"Of course not—it's just that he's so stubborn," said Merry hotly.

Kin looked down at her sharply and caught the glimmer of tears in her eyes, and suddenly he looked tired and sad. He tucked his hand beneath her elbow and steered her toward the dining room.

"Oh, well, maybe he's hungry. I know I am. Let's see what's on the menu for tonight," he said cheerfully.

Kin exerted himself to be amusing, and Merry forgot everything but the pleasure of being with him again. She had missed him so much. He was such darned good fun!

JERSEY COONHOUND LOSES THE HUNTERS, FINDS COMPANION

Jerseyville—Thomas Fitzgibbons of the Delhi vicinity has an extra coon dog on his hands as the result of a loan he made a week ago.

Fitzgibbons owns an extra good coon dog, and a couple of neighbor boys borrowed the animal to go hunting one night a week ago. The dog got lost in the woods, apparently and did not return with the hunting party.

The boys reported their misfortune to Fitzgibbons, who calmed their fears by predicting that the dog would eventually find his way home.

The prophecy of Fitzgibbons came true Thursday when his hound returned with a second one following him. The second hound made himself perfectly at home, taking a place in the same kennel with the Fitzgibbons hound.

26 Year Old Xmas Tree Still In Use In Jersey County

Jerseyville—Probably the oldest Christmas tree in use this year in Jersey county is at the home of Mr. and Mrs. John Ready on South Washington street. The tree, which is 26 years old, originally belonged to William Gaber and the Ready's.

It was purchased by them the Christmas following the birth of their first child, Mrs. Margaret Closser.

For 10 years the tree was used by the Gaber family until the older children asked for a larger tree. Mrs. Gaber then gave the tree to her mother and father asking them to keep it as long as they lived.

Each Christmas since that time the tree has held a place of honor in the Ready home. It is in good condition and the wax candle lighting has been replaced by electric lights, giving it a gay, modern look despite its ancient vintage.

Mr. and Mrs. Ready will not dismantle the tree until after Monday, which is the date of their 49th wedding anniversary. Mr. Ready was 75 years old Dec. 8 and Mrs. Ready was 69 in June.

Mr. and Mrs. Ready were the first couple to be married in Jersey county in 1900 and Judge Allen Max Slatten who performed the ceremony presented them with a special marriage certificate, which was later destroyed in a fire which consumed their farm home.

Prior to her marriage Mrs. Ready was Miss Maude B. Day, daughter of the late Mr. and Mrs. William A. Day. Mr. Ready is a son of the late Mr. and Mrs. John Ready. They are the parents of four children, Mrs. Verna L. Beiser, William Albert Ready and Edward L. Ready and the late Mrs. Margaret Lucille Gaber.

For Seventeen years Mr. Ready was employed as boss packer at the Illinois Glass company in Alton.

Two Bandits Rob Widow Of \$5,000

Chicago, Jan. 1—(AP)—Two robbers driving a stolen taxicab picked up a jewelry store owner and forced her to hand over \$5,000 last night.

The victim, Mrs. Florence Reed, 58, told police she hailed a cab, at State and Division streets and told the driver to take her home.

At State and Chestnut streets, another man popped up from the front seat and told her to hand over her rings. Mrs. Reed said the robber slapped her several times when she screamed, then took her purse containing \$20 and two rings, valued at \$5,000. They forced her out of the cab and drove away.

CZECHS SET UP GOVERNMENT FIRMS

Prague—(AP)—The Czechoslovak nationalization program has extended to the railways, post office and airlines, which have been operated as state concerns. They're going to have to operate as business concerns, and preferably show a profit.

Bills have been prepared for Parliament to set up the post office and transport organs in business. The employees have approved the proposal. In addition to operating with a board of directors, just like any capitalist country's industry, the new corporations will be subject to taxes and its board of directors one third of which is to come from the enterprise's trade union organization—will be answerable to business discipline.

The government will name two-thirds of the board of any new corporation and will contribute financially only to an outlay on productive investment. Further, it will pay for the things only that it proposes and only if the outlay wouldn't otherwise produce sufficient return. The state will not guarantee deficits.

Arrange 48th Program For Farm, Home Week

Many farmers and farm women of west central Illinois will attend the 48th annual Farm and Home Week program sponsored by the Illinois College of Agriculture on the Urbana campus from Jan. 31 through Feb. 3.

A veritable "five-ring" circus is the program that is being planned under the chairmanship of Associate Dean R. R. Hudelson. General sessions will be held each afternoon, while during the other hours of the day (and evening) special interest groups will be hearing the latest from the University's agricultural and home economic specialists.

Four outstanding speakers have been scheduled to address the general sessions. They are Dr. George D. Soddard, president of the University of Illinois, on Monday; L. B. Livingston, manager of the extension division, E. I. DuPont, de Nemours and Company, Tuesday; Pauline Park Wilson, dean of school of home economics, University of Georgia, Wednesday; and Charles B. Shuman, president, Illinois Agricultural Association, Thursday.

Discussions and demonstrations on farm machinery, small grain crops, livestock and conservation will be featured the first afternoon.

On Tuesday, February 1, farm prices and farm policies will be reported and explained. An agronomy "question box," a movie on pasture management, and a livestock selection demonstration will also be presented.

Wednesday's program will be highlighted with programs centered on "The Farm and the Family." Other special programs will interpret farm leases and livestock breeding problems, dairy marketing, and weed, crop and orchard sprayers.

On Thursday, the final day, farm management, pastures, farm buildings, and grain marketing will come in for attention by the specialists.

Many "Extra" Events

"Extra" events will also be scheduled during the four days as always. Visitors will have an opportunity to take part in evening entertainment each night, the Stockman's Banquet, the annual music and Drama Festival, in addition to tours and exhibitions that will be arranged.

Polks who have attended this program in the past will be aware of the serious housing shortage on the University campus. Those planning to go for the first time should contact the county farm or home adviser so that necessary lodging accommodations can be provided. Detailed programs for the week will be available soon at the offices of the county advisers.

Jerseyville Woman Given Commission In Regular Army

Jerseyville—Mary Willis Stephenson, daughter of Mr. and Mrs. William Stephenson of Jerseyville, was among the group of women selected and approved by the President for commissions in the Women's Army Corps, Regular Army. She was commissioned as a captain.

Only 199 officers were in the group. They are the first women to become regular appointees in the history of the army. They were selected on a competitive basis.

Captain Stephenson served with the WAC during World War II and was one of the first 24 applicants from the State of Illinois selected for Officers' Candidate School of the WACs in 1942. She reenlisted in the WAC in July, 1942, and was assigned to Organized Reserve Branch G-3 for duty in Chicago.

Denver Mobs Have Wild Celebration

Denver, Jan. 1—(AP)—Rioting and mob rule prevailed in Denver's wild New Year's celebration.

One mob formed in the downtown theater district as midnight shows ended. Crowds milled up and down the main business thoroughfare. Women were assaulted and one stripped nude. Shop windows were broke, traffic was snarled and at least one auto overturned.

Police Sergeant Wally Lawless said the rioting started when a gang of teen age boys and youths began grabbing girls and forcing them into store doorways to kiss and molest them. Escorts immediately began fighting.

Before police could restore any semblance of order the mob maniac had infected otherwise orderly crowds of celebrators for eight blocks. Four wagon loads of celebrators were hauled to city jail but later were released.

Engine, Caboose Collide; 2 Die

Danville, Ill., Jan. 1—(AP)—A switching collision in the Chicago and Eastern Illinois railroad yards here yesterday killed two railroad men. The dead were Prentice S. Keltner, 50, of Danville, and D. B. Powell, 20, of St. Elmo.

Keltner, a switchman, and Powell, a conductor, were in a caboose which collided with a two-unit diesel locomotive. A third trainman, Roy Moore, leaped clear of the caboose before the collision and was reported uninjured.

London Transport Workers Strike

London, Jan. 1—(AP)—London's bus and street car workers struck today, leaving many New Year's celebrators stranded in the rain.

The strikers want time and a half for Saturday afternoon work. The management of the government-run London transport system wants arbitration. Drivers now average \$28.30 for a 44-hour week and conductors get \$27.30.

ARMY HAS CORN TROUBLE IN JAPAN

Tokyo, Jan. 1—(AP)—Ask any Japanese what's cooking and he'll tell you it isn't corn. Not at his house. He doesn't like corn. And there are 300,000 tons of corn waiting to be eaten.

It was shipped over here by the United States to feed the hungry. The United States couldn't ship wheat and other grains because the Allies of Europe get first crack at the available supply. Now the U. S. Army has a little scheme to get rid of some of that corn.

The Japanese farmer is allowed to keep millet, sorghum and other coarse grains to feed his livestock. These grains can be made into food a Japanese will eat. The Japanese can trade these grains for corn, which can be fed to the livestock. The livestock don't care. They'll just as soon have corn.

West Side Market In Chicago Razed By Lard Fed Fire

Chicago, Jan. 1—(AP)—Fire fed by large cans of lard raged through a three-story building in the west side Fulton market tonight. The flames darted some 70 feet above the roofline and were visible for a mile.

Four extra alarms were sounded to bring help to firemen who first arrived at the blaze. Two firemen were injured. One was taken to St. Anne's hospital with a broken leg. The other received first aid treatment for minor burns.

The burning building, which covers a half square block at 932 to 944 West Fulton street, housed establishments of the prime beef company, the American Poultry company, Fred Oppenheimer and company, commission merchant, and the Merchant's Inn, a restaurant.

Man Kills Two Whom He Thought Abused His Dog

Orlando, Fla., Jan. 1—(AP)—Two young Azalea nursery workers were slain early today by a man who officers said thought his dog was being mistreated.

The dead are James A. Creech, 22, and Jesse Amos Vaughn, 21 of Winter Garden.

Sheriff Jim Black said that he and other officers are searching for Jim Smith, about 55, as the slayer. The sheriff reported Smith's wife and his stepdaughter, Frank Buchanan, 9, of Pine Castle, witnessed the double shooting, and that both named Smith as the killer.

They said, Black added, that Smith became furious when he heard his dog yelp and believed the animal had been kicked by his two workers. The shooting followed.

25,000 POLISH JEWS GOING TO PALESTINE

Warsaw, Poland—(AP)—The new state of Israel may get 25,000 or more of the 100,000 Jews in Poland sometime during 1949. Jewish sources here estimate that many want to go to Israel and intend to leave as rapidly as they can fulfill passport and other requirements.

Approximately 5,000 Jews are expected to leave Poland during the winter months. Thousands of others are expected to follow as soon as they can wind up their business affairs in this country. The Polish government consistently has followed a liberal policy in granting passports to Jews desiring to leave this country and who can show they have the facilities and opportunity to go to Palestine.

Emigration, however, often has been slowed down by restrictions on what money and valuables Jews might take with them upon leaving Poland. Jewish authorities have been working with Polish government officials to obtain a relaxation of such restrictions and thereby speed up travel to Palestine.
